Sommario

Nota di apertura: ruolo dell'Associazione Italiana per la Ricerca sui Sistemi (AIRS) nel movimento di pensiero sistemico italiano 1

Opening Notes: The Role of the Italian Association for Research in Systems (AIRS) in the Italian Systems Thinking Movement 5

Session 1: Cognitive Science, Natural Language

Cognitive Systems Architectures: toward an Integration of Perspectives

M. Olivetti Belardinelli 11

Compositionality through Sentence Interfaces

W. Castelnovo 27

The Need for a Systemic Approach in Studying Man-Machine Interfaces

M. P. Penna 45

Session 2: Theoretical Problems in Systemics

Emergence, Self-Organization, and Quantum Theory

E. Pessa 59

Dynamical Generation of Symmetry Patterns and Coherence in Quantum Field Theory <i>E. Pessa, G. Vitiello</i>	81
 <i>Session 3: Socio-economic Systems, Management and Environmental Science</i>	
Conceptual Frameworks for the Representation of Growth, Development and Sustainable Development <i>G. Minati</i>	93
Applying System Science to Environmental Rehabilitation <i>R. Serra</i>	107
From Optimisation to Viability: an Evolutionary-Systemic View of Economic Policy <i>S. Solari</i>	119
Awareness in Flexible Coordination <i>S. Bandini, C. Simone</i>	135
A model for Synaptic Development Based on a Self Organizing Neural Network: General Treatment <i>P. Camiz</i>	149
A model for Synaptic Development Based on a Self Organizing Neural Network: three Application to Visual System <i>P. Camiz</i>	161
A Cellular Automata Method for Modelling and Simulating some Complex Macroscopic Phenomena <i>S. Di Gregorio</i>	173
 <i>Session 5: Socio-economic Systems, Management</i>	
Complexity and Self-Organization: Consequences for Capitalistic Industrial Organization <i>L. Biggiero</i>	185
On Sustainability and Simulation: An Approach Oriented to Social Groups <i>M. Piattelli, N. Bianchi</i>	199

Session 6: Self-organization, Chaos, Complexity, Emergency and Systemics in the Disciplines

Long-Range and Short-Range Interactions in Systemic Models of Memory Operation <i>E. Pessa, A. Mancini, M. P. Penna</i>	221
Quantum Neurodynamics: a Systemic Approach to some Neuro-Psychiatric Disorders <i>E. Pessa, M. P. Penna, P. L. Bandinelli</i>	233
A Systemic Description of the Interactions between Two Players in an Iterated Prisoner Dilemma Game <i>E. Pessa, M. P. Penna, A. Montesanto, N. Bonfiglio</i>	245

Session 7: Models, Systems, Informatics

A Systemic Approach to Requirements Specification of Automation Systems <i>M. Abram, E. Ciapessoni, E. Crivelli, R. Meda, P. Mirandola</i>	257
Maritime Etruscan Cities: a Systemic Approach for Explaining their Sites <i>M. Piattelli, N. Bianchi</i>	273

Session 8: Education

Sustainability and Education: an Experience <i>R. Cambini, L. Gilberti</i>	295
Creating a Framework for Sustainable Organizational Leadership: the Cogniscope System Approach <i>L. Magliocca, A. N. Christakis</i>	305
Creating a Framework for Sustainable Organizational Leadership: the Cogniscope System Approach. An Appendix <i>L. Magliocca, A. N. Christakis</i>	323
Educational Example for Introducing Systems Approach: the Flush Tank <i>M. Piattelli, N. Bianchi</i>	331

Education and Systems Thinking: from an Information-Centred to a Human-Centred Education	
<i>C. Tagliaferri</i>	347
Le attività della sistemica nel mondo	357

Il comitato di programma

Program committee:

S. Bandini
G. Mauri (co-chairman)
G. Minati (chairman)
M. Olivetti Belardinelli
M.P. Penna
E. Pessa
G. Resconi
R. Serra

Comitato d'organizzazione

Organizing committee:

S. Bandini
G. Mauri
G. Minati
P. Mereghetti

Sponsor:

APOGEO Editore
E.CO.N.A. Centro Interuniversitario di Ricerca sull'Elaborazione Cognitiva nei
Sistemi Naturali e Artificiali
Trend SpA – Gruppo Finmatica
Gruppo Zurigo

Patrocini:

The International Society for the Systems Sciences (ISSS), USA
International Federation for Systems Research (IFSR), Austria
Union Européenne de Systématique (UES), Francia
United Kingdom Systems Society (UKSS), Inghilterra
Sociedad Espanola de Sistemas Generales (SESGE), Spagna
